

BECOME A MEMBER

Join the fun!

Become a member today and explore beautiful scenic parks and rivers with LandHealth Institute. This past week, the Stroud Research Center joined us on a canoe trip on the Brandywine River. We were overwhelmed by the beauty of the river and the fresh air. It was a refreshing opportunity to step outside and immerse ourselves in nature's beauty. While we were embracing the gorgeous scenery, we were also learning about Lenni Lenape and why the Brandywine River is so important. We have many more exciting upcoming opportunities to explore nature's beauty. Click this [link](#) to join our next adventure!

Weekly Walks

Are you tired of being trapped in your home all day? Do you feel like you're going crazy talking to yourself? Miss human interactions? Well join us on our

weekly walks! LandHealth Institute will be hosting weekly Friday walks. This is your chance to step out of your house, stretch your legs, get a breath of fresh air, and meet wonderful people! Don't worry! We follow safe covid precautions.

What's happening at the nursery?

As the weather starts to change, we are beginning to transport our plants to a winter greenhouse. If you would like to book an appointment to visit the nursery please contact us at 267-275-5750. Brighten up your space with one of our variety of native plants. To browse our collection, visit us [online](#).

Engage with us on our social media platforms! Ask us questions, check out what we're up to, stay updated on upcoming events!
